### Be Part of the Big Picture

A healthy future for this part of Canada will take persistence, enduring vision, smart objectives and active coordination. We're planning long-term with partners who want to make a strong commitment to a green future for Canada's Deep South.

### Who are we?

From grassroots to government, Coalition members are leaders on the landscape. We focus on effective solutions for complex conservation challenges. We are science-based, community-oriented, cost-effective, positive, proactive and ready to get our hands dirty.
