Each MS Society event is family friendly. Our MS Walk and MS Bike events are not races, they are fundraising events that bring friends, family, coworkers, and even strangers together to work towards a common goal – ending multiple sclerosis. Participants at MS Walk range from new born to well-aged.

Participants at MS Bike range from young kids to those young at heart. We encourage all to attend our events to support those affected by and living with MS. Many chapter offices across the province also host various events throughout the year. Get in touch with your local chapter to find out more.
