

WILD CHILD AUGUST PASSPORT

Complete All For Endless Summer Fun!

NATIVE WILDFLOWER PRESSING

Collect native plant flowers and press them between a few heavy books to create permanent flower art!

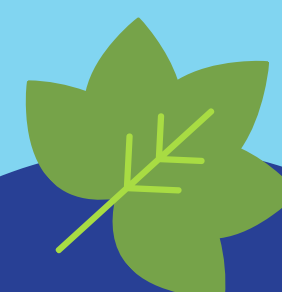

[See instructions.](#)

SEED BALLS

Seed balls or seed bombs are made of clay, compost or soil, and **native plant** seeds. Simply toss your seed ball on bare soil or a patch of green to spread the goodness of native plants around!

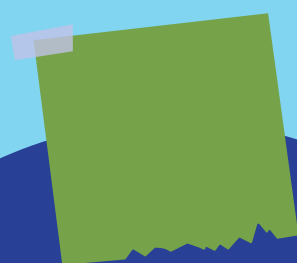

[Instructions here.](#)

COUNT THE PLANTS IN YOUR YARD

Help your parents sign up for [In The Zone Gardens](#) and start to count the number of plants you have in your backyard!

Also get FREE Garden Guides!

MAKE SEED PAPER

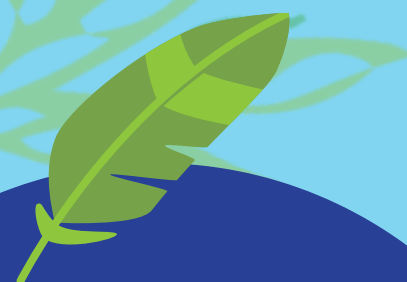

Using scrap paper, water, a blender, and **native plant** seeds, you can make seed paper! This paper can be used as normal paper and then planted in the ground to grow native plants in your home.

[See instructions.](#)

LEAF ART

Create leaf art by collecting fallen leaves and tracing them on a piece of paper. Identify each leaf's tree species using [this tool](#). Colour or paint the leaves to create a masterpiece made of native tree leaves!

I SPY...

A FEATHER!

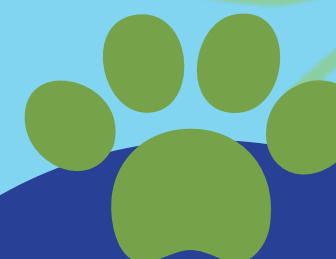

See if you can find a feather in your neighbourhood.

I SPY...

A SNAIL!

See if you can find a snail in your neighbourhood.

I SPY...

ANIMAL TRACKS

See if you can find animal tracks in your neighbourhood.

Bonus: Can you identify which animal the tracks came from?
